

# What **is** the Long Term Plan?

The LTP is the long term planning document that brings together all the services and activities of the Council and shows how we will pay for them.

The LTP will provide the road map to make sure we reach our vision for Westland.

To help us plan we need to figure out what some of the key issues and concerns are for the community. We have some ideas but we need your help to make sure we get it right.

**NO STAMP  
REQUIRED**
