

RĀRANGI TAKE

NOTICE OF THE INAUGURAL MEETING OF

Risk and Assurance Committee

to be held on **Thursday 11 May** commencing at **1.00 pm** in the Council Chambers, 36 Weld Street, Hokitika and via Zoom

| Chairperson: | Rachael Dean |
|-----------------------|--------------|
| Members: | |
| Her Worship the Mayor | Cr Gillett |
| Cr Phelps | Cr Baird |
| Kw Tumahai | Kw Madgwick |
| | |

In accordance with clause 25B of Schedule 7 of the Local Government Act 2002, members may attend the meeting by audio or audio-visual link.

Council Vision

We work with the people of Westland to grow and protect our communities, our economy, and our unique natural environment.

Purpose

The Council is required to give effect to the purpose of local government as prescribed by section 10 of the Local Government Act 2002. That purpose is:

- (a) To enable democratic local decision-making and action by, and on behalf of, communities; and
- (b) To promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.

1. NGĀ WHAKAPAAHA APOLOGIES

2. WHAKAPUAKITANGA WHAIPĀNGA DECLARATIONS OF INTEREST

Members need to stand aside from decision-making when a conflict arises between their role as a Member of the Council and any private or other external interest they might have. This note is provided as a reminder to Members to review the matters on the agenda and assess and identify where they may have a pecuniary or other conflict of interest, or where there may be a perception of a conflict of interest.

If a member feels they do have a conflict of interest, they should publicly declare that at the start of the meeting or of the relevant item of business and refrain from participating in the discussion or voting on that item. If a member thinks they may have a conflict of interest, they can seek advice from the Chief Executive or the Group Manager: Corporate Services (preferably before the meeting). It is noted that while members can seek advice the final decision as to whether a conflict exists rests with the member.

3. NGĀ TAKE WHAWHATI TATA KĀORE I TE RĀRANGI TAKE URGENT ITEMS NOT ON THE AGENDA

Section 46A of the Local Government Official Information and Meetings Act 1987 states:

(7) An item that is not on the agenda for a meeting may be dealt with at the meeting if -

(a) the local authority by resolution so decides, and

(b) the presiding member explains at the meeting at a time when it is open to the public, -

(i) the reason why the item is not on the agenda; and

(ii) the reason why the discussion of the item cannot be delayed until a subsequent meeting.

(7A) Where an item is not on the agenda for a meeting, -

(a) that item may be discussed at the meeting if -

(i) that item is a minor matter relating to the general business of the local authority; and

(ii) the presiding member explains at the beginning of the meeting, at a time when it is open to the public, that the item will be discussed at the meeting; but

(b) No resolution, decision, or recommendation may be made in respect of that item except to refer that item to a subsequent meeting of the local authority for further discussion.

4. NGĀ MENETI O TE HUI KAUNIHERA

MINUTES OF MEETINGS

The minutes of the previous meeting were circulated separately via Microsoft Teams.

• Risk and Assurance Committee Meeting Minutes – 9 February 2023 (Pages 6-12)

(Page 13)

8. KA MATATAPU TE WHAKATAUNGA I TE TŪMATANUI RESOLUTION TO GO INTO PUBLIC EXCLUDED

(to consider and adopt confidential items)

Resolutions to exclude the public: Section 48, Local Government Official Information and Meetings Act 1987.

The general subject of the matters to be considered while the public are excluded, the reason for passing this resolution in relation to each matter and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of the resolution are as follows:

| ltem No. | General subject of each matter to be considered | Reason for passing this resolution in relation to each matter | Ground(s) under Section 48(1) for the passing of this resolution |
|-------------|--|--|--|
| 1. | Confidential Minutes – 9 February 2023 | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |

| 2. | Ernst & Young Audit Plan FY23 | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |
|----|---|---|--|
| | | | Section 48(1)(a) |
| 3. | Health & Safety Report | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |
| | | | Section 48(1)(a) |
| 4. | IT Cybersecurity Report | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |
| | | | Section 48(1)(a) |
| 5. | Risk Report | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |
| | | | Section 48(1)(a) |
| 6. | Whistle-Blower Report March 2023 | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |
| | | | Section 48(1)(a) |
| 7. | Policy Review Privacy Policy CCTV Addendum | Good reason to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. |
| | | | Section 48(1)(a) |

This resolution is made in reliance on sections 48(1)(a) and (d) of the Local Government Official Information and Meetings Act 1987 and the particular interests or interests protected by section 7 of that Act, which would be prejudiced by the holding of the relevant part of the proceedings of the meeting in public are as follows:

| Item No. | Interest | |
|------------|---|--|
| 4 | Other reasons for withholding official information | |
| | Where this section applies, good reason for withholding official information exists, for the purpose of section 5, unless, in the circumstances of the particular case, the withholding of that information is outweighed by other considerations which render it desirable, in the | |
| | public interest, to make that information available. (Schedule 7) | |
| 4 | Subject to sections 6, 8, and 17, this section applies if, and only if, the withholding of the information is necessary to- (Schedule 7(2)) | |
| 1,3,4 | Protect the privacy of natural persons, including that of deceased natural persons (Schedule 7(2)(a)) | |
| 1 | Protect information where the making available of the information:(i) would disclose a trade secret; and | |
| | (ii) would be likely unreasonably to prejudice the commercial position of the person who supplied or who is the subject of the information (Schedule 7(2)(b)). | |
| 3 | Avoid prejudice to measures protecting the health or safety of members of the public; (Schedule 7(2)(d)) | |
| 4 | Avoid prejudice to measures that prevent to mitigate material loss to members of the public; (Schedule 7(2)(e)) | |
| 1, 4, 6 | Maintain the effective conduct of public affairs through – | |
| | (i) the protection of such members, officers, employees, and persons from improper pressure or harassment; or | |
| | (ii) the protection of such members, officers, employees, and persons from improper pressure or harassment; or (Schedule 7(2)(f)) | |
| 5, 6 | Maintain legal professional privilege (Schedule 7(2)(g)) | |
| 3, 4, 5, 6 | Enable any local authority holding the information to carry out, without prejudice or disadvantage, commercial activities; or (Schedule 7(2)(h)) | |
| 1 | Enable any local authority holding the information to carry on, without prejudice or disadvantage, negotiations (including commercial and industrial negotiations) (Schedule 7(2)(i)) | |
| 2, 4 | Prevent the disclosure or use of official information for improper gain or improper advantage (Schedule 7(2)(j)) | |

DATE OF NEXT RISK AND ASSURANCE COMMITTEE MEETING – 10 AUGUST 2023 COUNCIL CHAMBERS, 36 WELD STREET, HOKITIKA AND VIA ZOOM

RISK AND ASSURANCE INAUGURAL COMMITTEE MEETING MINUTES

MINUTES OF THE INAUGURAL RISK AND ASSURANCE COMMITTEE MEETING OF WESTLAND DISTRICT COUNCIL HELD IN THE COUNCIL CHAMBERS, 36 WELD STREET, HOKITIKA AND VIA ZOOM ON THURSDAY 9 FEBRUARY 2023 COMMENCING AT 1.00

PM

The Committee Meeting was live streamed to the Westland District Council YouTube Channel and presentations are made available on the council website.

1. MEMBERS PRESENT AND APOLOGIES

| Chairperson: | Rachael Dean |
|--------------|-----------------------|
| Members: | Her Worship the Mayor |
| | Deputy Mayor Gillett |
| Cr Neale | Cr Baird |
| Kw Tumahai | Kw Madgwick |
| | |

NGĀ WHAKAPAAHA APOLOGIES

Kw Francois Tumahai

Moved Cr Neale seconded Her Worship the Mayor and **Resolved** that the apology from Kw Francois Tumahai be received and accepted.

STAFF PRESENT

S.R. Bastion, Chief Executive; L. Crichton, Group Manager: Corporate Services & Risk Assurance; S. Baxendale, Group Manager District Assets; D. Maitland; Executive Assistant, E. Rae, Strategy and Communications Advisor (via zoom); S. Johnston, Governance Administrator (via zoom).

2. WHAKAPUAKITANGA WHAIPĀNGA DECLARATIONS OF INTEREST

The Interest Register had been circulated via Microsoft Teams and available on the Council Chambers table. There were no changes to the Interest Register noted.

3. NGĀ TAKE WHAWHATI TATA KĀORE I TE RĀRANGI TAKE URGENT ITEMS NOT ON THE AGENDA

Draft Risk and Assurance Committee Rolling Workplan

Moved Cr Neale, seconded Deputy Mayor Gillet and **Resolved** that a discussion on a Draft Risk and Assurance Committee Rolling Workplan be added to the Risk & Assurance Committee Agenda due to the following reasons:

The reason why the item is not on the agenda is due to there being insufficient time for the Group Manager Corporate Services and Risk Assurance and the Independent Chair to finalise the workplan in time to go out with the Risk and Assurance Committee Agenda.

The reason why the discussion of the item cannot be delayed until a subsequent meeting is because an up-to-date work plan is an integral part of the efficient and effective function of a Risk and Assurance Committee. Without a workplan Risk and Assurance Committees are vulnerable to:

- Operating in an ad-hoc way and lacking a structured approach to their work.
- Not knowing whether their work is covering the range of governance and assurance activities they should be covering

4. NGĀ MENETI O TE HUI KAUNIHERA MINUTES OF MEETINGS

The Minutes of the previous Meeting were circulated separately via Microsoft Teams.

• Risk and Assurance Committee Meeting Minutes – 11 August 2022

Moved Independent Chair Rachael Dean seconded Cr Neale and **Resolved** that the Minutes of the Risk and Assurance Committee Meeting held on the 11 August 2022 be received.

The Chair **Approved** that their digital signature be added to the confirmed Risk and Assurance Committee Meeting Minutes of 11 August 2022.

5. ACTION LIST

The Group Manager, Corporate Services and Risk Assurance spoke to the Action List and provided the following updates:

1. Insurance Review of the Airport:

The action from the last meeting was for the Chief Executive to bring to the Council Controlled Organisations attention.

The Chief Executive advised that this was raised with the CEO of Destination Westland, and they will carry this out.

The Mayor asked if this delays in problems.

The Group Manager, Corporate Services and Risk Assurance advised that the airport has not been valued in many years (maybe around 2011), which means the actual valuations are not correct. The sum it is insured for currently is not actually correct; which means if anything happened it would probably be under insured.

The Chief Executive advised that there will be a process put into place re: asset valuation to make them current. However was unsure what stage they are at with that process.

The Group Manager, Corporate Services and Risk Assurance advised that there are two things that are different:

- 1. The Asset Valuation important to have up-to-date asset valuations.
- 2. The Insurance Valuation needs to be insured for the right amount. Insurers are wanting more information; everything is very specific, and everything needs to be name. If it is not named, it is not insured.

The Deputy Mayor queried how often the assets should be valued.

The Group Manager, Corporate Services and Risk Assurance advised that the Council Policy states every 3 years, and we would expect the Council Controlled Organisations (CCO's) to follow this policy.

The Chief Executive advised that there is a meeting regarding the Statement Of Intent with Westland Holdings on the 22 February 2023, and this item could be one of the talking points at that meeting.

2. Workshop: Evaluation of the Performance of the Committee:

The Independent Chair, Rachael Dean advised that at the end of 2022 it was proposed that there would be a review of the working committee with the view to look at improvement. Unfortunately, they were unable to get enough data from the participants to do the analysis, so was not completed, and suggested that after 12 months a review with the view to look at improvements, do an analysis to carry into 2024.

Moved the Mayor, seconded Cr Baird and **Resolved** that:

- 1. The updated Action List be received
- 2. A workshop to be scheduled to go with the November 2023 Risk & Assurance Committee Meeting. To go through the evaluation.

6. NGĀ TĀPAETANGA PRESENTATIONS

No Presentations

7. PŪRONGO KAIMAHI STAFF REPORTS

Risk and Assurance Committee – Terms of Reference

Group Manager, Corporate Services and Risk Assurance, Lesley Crichton spoke to this report and advised that the purpose of this report is for the Risk and Assurance Committee to receive the Terms of Reference (ToR) adopted by Council on 24 November 2022.

To be noted that the date at the top of the report is incorrect – it should say 09 February 2023.

Moved Cr Deputy Mayor Gillett seconded Cr Neale and Resolved that:

- 1. The Risk and Assurance Committee Terms of Reference report be received.
- 2. That the Committee receive the Terms of Reference for the Risk and Assurance Committee adopted by Council on 24 November 2022.

• Quarterly Report – Q2 – October-December 2022

Finance Manager, Lynley Truman, and Strategy & Communications Advisor, Emma Rae spoke to this report and advised that the purpose of this report is to inform the Committee of Council's financial and service delivery performance for the six months ended 31 December 2022 (Q2)

The Deputy Mayor made comment that the Westland District Council's You Tube Channel did not appear to have any recent uploads of Risk and Assurance Committee Meetings.

The Strategy & Communications Advisor advised that the You Tube channel is sorted into playlists and are grouped accordingly, and also advised that the recording and uploading of meetings to You Tube only started in mid-2021.

Regarding Diverse Economy and Resilient Communities on pages 32-33 of the Report, The Mayor questioned whether this was the only level of assessment or tools used to assess Councils performance in those categories.

The Group Manager, Corporate Services and Risk & Assurance advised that the main tools to assess are in the Long-Term Plan, that it was not best practise to put too many into the Long-Term Plan, and if there are any changes on how Council assess performance, then this will need to be made through the Long-Term Plan process.

Kw Madgwick queried the General Cemetery Maintenance Contract and asked about the comment in the report says that the 'maintenance contract remains satisfactory' – where did this comment come from and what was the measure of this.

The Group Manager, District Assets advised that the contract is assessed by a member of the District Assets Team, and there are liaison meetings in relation to that, and would need to find out the detail of the contract regarding frequency and get back to the Committee.

The Chief Executive advised that Council assesses the contractor against the requirements of the contract for maintenance. The Chief Executive also advised that the Parks and Reserves contract is up for renewal soon, and that process will come through Council to award that contract. He advised that it comes down to what Council is willing to pay for – whether it be gold standard, silver, or bronze. So, it is a decision for Council to decide what standard and what they are willing to pay.

Cr Neale commented that it would be good to know how many hard copy forms were filled in for comparison to the online forms. This was noted by the Group Manager, Corporate Services and Risk & Assurance.

Cr Neale also questioned how many of the 38 resource consents were publicly notified (page 29 of the report).

The Strategic and Communications Advisor commented that the information was not at hand and would speak to the Planning Department and get that information sent through to the Committee.

The Deputy Mayor asked what the committee's role was in regard to analysing and acting on the metrics – customer satisfaction, when we are missing the goal quite a bit?

Independent Chair Rachael Dean advised that anything that creates a risk to council is something the Committee should comment on, bring it to Council and staff's attention and understand the reasons why the event is occurring. If there are ideas regarding possible avoidance of, or reduction in, or transfer of risk then the Committee should raise this as well.

Deputy mayor = Effective engagement (page 28) Page 31 of report – Building Consents – low satisfaction level there

A question was raised about previous councils' discussions regarding addressing the shortfalls of the satisfaction survey.

The Chief Executive advised that that was in the previous triennium, and the chair of Council at the time decided not to proceed knowing the Council was coming to the end of its term, with the suggestion that the new council pick it up as part of an ongoing piece of work. This hasn't been set a Workshop but would be happy to formalise this as an action from this meeting.

The Group Manager, Corporate Services and Risk & Assurance advised that the Strategy & Communications Advisor has been doing quite a bit of work on looking at other ways of being able

to gather information. The biannual residential survey is lacking now and not 'the way ' to do things. So, there is work being done in the background on some other ways, that can be brought to the committee or workshop to look at these other ways of gathering in the information to you.

Moved Independent Chair Rachael Dean, seconded Deputy Mayor Gillet and resolved that:

- 1. A workshop be formalised 2 hours prior to the next Risk and Assurance Committee Meeting on the 11 May 2023 to review and discuss the following items:
 - Improving performance measures.
 - The way customer/community satisfaction data and feedback is collected.

Moved Independent Chair Rachael Dean, seconded Her Worship the Mayor and Resolved that:

- 1. The report be received
- 2. The Committee receive the Quarterly Report Q2 July December 2022, attached as Appx 1.
- Draft Risk and Assurance Committee Rolling Workplan Late Agenda Item

Independent Chair Rachael Dean advised that the Rolling Workplan includes the necessary areas of work the Committee should cover during the period. Any other unexpected and necessary items are added as required.

Group Manager, Corporate Services and Risk and Assurance went through the items on the Rolling Workplan and advised that the timings are very similar to the previous Risk & Assurance meetings.

The only question marks would be around:

- The Insurance Council is heavily reliant on insurers and brokers for this. The current renewals for this year, the renewal period was the 1st of November 2022 and we have only just finalised some of the insurances this month (February 2023).
- 2. External Audit looks fine, but very much dependent on audit timing.
- 3. **Risk Workshop** has now been agreed upon for 11 May 2023
- 4. **Risk Assessment Workshop** There is intention to have a Risk Workshop for all council that is mandatory. There is a manual that was reviewed at the last Risk Workshop; however, it was not completed as only 2 Councillors turned up. Councils' tolerance for risk needs to be ascertained this is something only Councillors can do (not Council Staff).
- 5. Health & Safety Committee Wellbeing Update an update is required at every Risk & Assurance Meeting.
- Deep Dives these are often around Health & Safety and done by the relevant member of the leadership team, which enables the committee to focus on all different areas of potential risk. If there is any area of concern, or particular area of interest to look at, it can be done as a deep dive.

Area to Deep Dive – Cyber Crime to be added to the 11 May 2023 Confidential Agenda as a Discussion Item.

Moved Independent Chair Rachael Dean & seconded Cr Baird that:

1. The Draft Risk and Assurance Committee Rolling Workplan be received.

8. KA MATATAPU TE WHAKATAUNGA I TE TŪMATANUI RESOLUTION TO GO INTO PUBLIC EXCLUDED

(to consider and adopt confidential items)

Moved Independent Chair Rachael Dean, seconded Her Worship the Mayor and **Resolved** that the Risk and Assurance Committee confirm that the public were excluded from the meeting in accordance with Section 48, Local Government Official Information and Meetings Act 1987 at 2.05 pm.

The general subject of the matters to be considered while the public are excluded, the reason for passing this resolution in relation to each matter and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of the resolution are as follows:

| ltem No. | General subject of each matter to be considered | Reason for passing this resolution in relation to each matter | Ground(s) under Section 48(1) for the passing of this resolution |
|----------------|--|--|---|
| 1. | Confidential Minutes – 11 August 2022 | Good reasons to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. Section 48(1)(a) |
| 2. | Information Technology Security Penetration Testing Report | Good reasons to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. Section 48(1)(a) |
| 3. | Quarterly Report on Whistleblower Services at December 2022 | Good reasons to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. Section 48(1)(a) |
| 4. Risk Report | | Good reasons to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. Section 48(1)(a) |
| 5. | Financial Year End 2021-22 Audit Report | Good reasons to withhold exist under Section 7 | That the public conduct of the relevant part of the proceedings of the meeting would be likely to result in the disclosure of information for which good reason for withholding exists. Section 48(1)(a) |

This resolution is made in reliance on sections 48(1)(a) and (d) of the Local Government Official Information and Meetings Act 1987 and the particular interests or interests protected by section 7 of that Act, which would be prejudiced by the holding of the relevant part of the proceedings of the meeting in public are as follows:

| Item No. | Interest | |
|----------|---|--|
| 1 | Protect the privacy of natural persons, including that of deceased natural persons | |
| 1 | Protect information where the making available of the information: (i) would disclose a trade secret; and | |
| | (ii) would disclose a trade secret, and (ii) would be likely unreasonably to prejudice the commercial position of the person who supplied or who is the subject of the information (Schedule 7(2)(b)). | |
| 1 | Enable any local authority holding the information to carry on, without prejudice or disadvantage, negotiations (including commercial and industrial negotiations) (Schedule 7(2)(i)) | |
| 3,4 | Maintain the effective conduct of public affairs through- | |
| | the protection of such members, officers, employees and persons from improper pressure or harassment; or (Schedule 7(2)(f)) | |
| 3,4 | Maintain legal professional privilege (Schedule 7(2)(g)) | |
| 3,4 | Enable any local authority holding the information to carry out, without prejudice or disadvantage, commercial activities; or (Schedule 7(2)(h)) | |
| 2 | Prevent the disclosure or use of official information for improper gain or improper advantage (Schedule 7(2)(j)) | |

Moved Independent Chair Rachael Dean, seconded Cr Neale and **Resolved** that the business conducted in the 'Public Excluded Section' be confirmed and accordingly, the meeting went back to the open part of the meeting at 2:48 pm

DATE OF NEXT RISK AND ASSURANCE COMMITTEE MEETING – 11 MAY 2023 COUNCIL CHAMBERS, 36 WELD STREET, HOKITIKA AND VIA ZOOM

MEETING CLOSED AT 2:48 PM

Confirmed by:

Rachael Dean Chair Date:

|---|----------|-------------------------------------|--|--|--|-----------------|
| 1 | 10.08.21 | | Insurance review of the Airport. | This assets value will need to be reviewed and amendment once the renovations are completed. | Destination Westland (DW) need to take the lead on this. The Chief Executive has advised he will follow up with DW on this. Update: DWL are progressing this with Coast Valuations. | CE |
| 2 | 09.11.21 | | Workshop: Evaluation of the performance of the Committee | Workshop to be scheduled with the first meeting of 2024. | | Chair |

DATE: 11 May 2023

TO: Risk and Assurance Committee

FROM: Finance Manager, and Strategy and Communications Advisor

Quarterly Report – Q3 – 1 January – 31 March 2023

1. Summary

- 1.1. T The purpose of this report is to inform the Committee of Council's financial and service delivery performance for the nine months ended 31 March 2023 (Q2).
- 1.2. This issue arises from a requirement for sound financial governance and stewardship with regards to the financial performance and sustainability of a local authority.
- 1.3. Council seeks to meet its obligations under the Local Government Act 2002 and the achievement of the District Vision adopted by the Council in June 2021, which are set out in the Long Term Plan 2021 2031. Refer page 2 of the agenda.
- 1.4. This report concludes by recommending that Committee receive the Quarterly Report Q3 January March 2023, attached as **Appendix 1**

2. Background

2.1 The reason the report has come before the Committee is due to the requirement for the Committee to have current knowledge of Council's performance, both financial and non-financial. The quarterly report provides information for non-financial information against targets and objectives adopted in the Long Term Plan 2021-2031, and the Annual Plan 2022/2023 for the financial performance.

3. Current Situation

- 3.1. The current situation is that the Committee receives a quarterly report in a consistent format.
- 3.2. The Quarterly Report Q3 January March 2023, attached as **Appendix 1** and contains the following elements:
 - 3.2.1. Statement of Service provision.
 - 3.2.2. Sustainability report on Financial Prudence.
 - 3.2.3. Whole of Council Statement of Comprehensive Revenue and Expenditure, including variance analysis.
 - 3.2.4. Capital Expenditure 2022/2023.
 - 3.2.5. Treasury report including loans, internal borrowing, cash investments, and debtors.
 - 3.2.6. Reserve Funds report.

4. Options

- 4.1. Option 1: The Committee does not receive the Quarterly Report Q3 January March 2023.
- 4.2. Option 2: The Committee receives the Quarterly Report Q3 January March 2023.

5. Risk Analysis

- 5.1. Risk has been considered and the following risks have been identified:
 - 5.1.1. Financial risk: mismanagement through lack of awareness of the Council's financial position.
 - 5.1.2. Reputational risk: poor activity performance through lack of oversight of how activity groups are tracking to their KPIs.

6. Health and Safety

6.1. Health and Safety has been considered and no items have been identified.

7. Significance and Engagement

- 7.1. The level of significance has been assessed as being low. The report is an administrative document for the Committee's information.
- 7.2. No public consultation is considered necessary.

8. Assessment of Options (including Financial Considerations)

- 8.1. Option 1: If the Committee does not receive the report there will be no oversight of the financial position of Council or whether the activity groups are achieving the level of service that Council determined through the long term and annual plans.
- 8.2. There are no financial implications to this option.
- 8.3. Option 2: This report is for information only to ensure oversight of Council's financial position and activities. Staff welcome feedback for continuous improvement of the quality of the information provided.
- 8.4. There are no financial implications to this option.

9. Preferred Option(s) and Reasons

- 9.1. The preferred option is Option 2.
- 9.2. The reason that Option 2 has been identified as the preferred option is that it provides the Committee with up-to-date information regarding Council's activities and financial position at the end of Q3. Doing nothing reduces the oversight offered by the Committee.

10. Recommendation(s)

- 10.1. That the report be received.
- 10.2. That Committee receive the Quarterly Report Q3 January March 2023, attached as Appendix 1

Lynley Truman Finance Manager

Emma Rae Strategy and Communications Advisor

Statement of Service Performance

Leadership

Democracy

The following meetings and workshops were held during the period 1 January 2023 to 31 March 2023:

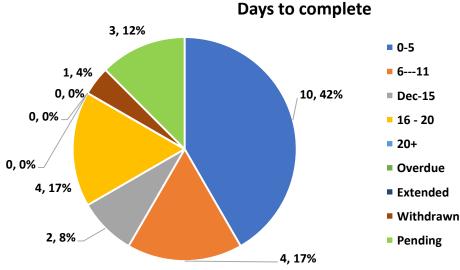

| Date Name of Committee/Subcommittee | | Formal Meeting or Workshop |
|-------------------------------------|--|----------------------------|
| 26 January | Cass Square Playground workshop | Workshop |
| 30-31 January | Councillor Induction Tour – Northern Ward | Induction |
| 7 February | Future of Local Government | Workshop |
| 8 February | Hokitika WWTP project oversight subcommittee | Subcommittee meeting |
| 9 February | Risk and Assurance Committee | Committee meeting |
| 23 February | Council meeting | Council meeting |
| 2 March | Budget Meeting | Workshop |
| 7 March | Cycling & Walking subcommittee | Subcommittee meeting |
| 15-16 March | Councillor Induction Tour – Southern Ward | Induction |
| 23 March | Council meeting | Council meeting |

LGOIMA

There were 24 requests for information under the Local Government Information and Meetings Act during this quarter. Information requested included:

- **Resource consents**
- **Funding information** •
- Council processes information •

17 requests were sent from the media directly to the Strategy and Communications Advisor for response.

* Not including media requests to Communications, which are typically answered on the same day.

How this activity contributes to Community Outcomes & Well-being

In this quarter the Democracy activity contributed to the Resilient Communities outcome through maintaining open governance and transparency. This supports the cultural wellbeing of the district.

Performance in this activity

| Community Outcome | Level of service | Measure / Target | Current performance |
|--------------------------|---|---|---|
| Resilient Communities | Responsible leadership | 65% of residents satisfied with Council's leadership | 45% - Biennial Residents' Satisfaction Survey February 2022. |
| Resilient Communities | The community understands what Council does | 70% of residents who understand how Council make decisions | 75% - Biennial Residents' Satisfaction Survey February 2022. |

Corporate Services

Finance

Staff have been busy with the implementation of the cloud-based MagiQ system this quarter. The cloud based system was required for the Council to be able to implement e-invoicing, which is an initiative supported and encouraged by Government agencies. E-invoicing should provide more security around our data as supplier invoices will link directly into MagiQ rather than being emailed as a PDF document. The converse will apply to our invoices sent to Government agencies and other businesses that convert to e-invoicing. There has been some initial loss of functionality, particularly with regards to the availability of specific reports, but we are working through this with MagiQ and hope to be back to business-as-usual by the end of May.

The Finance Manager and Rates Officer have been working on the Annual Plan with the Strategy and Communications Advisor.

Strategy and Communications

The focus of this quarter has been the Draft Annual Plan 2023/2024 and Draft Annual Plan Consultation Document. The Strategy and Communications Advisor (SCA) manages this project and drafts the document with the financial information managed by the Finance team.

Another major piece of work was the submission to the Review for Local Government, which was written on behalf of Council to provide input into the Draft Report He mata whāriki, he matawhānui. The SCA has also been supporting the Stantec Team with planning engagement on the Hokitika Waste Water Treatment Plant upgrade project.

Work in the communications area has been business-as-usual, ensuring that information is provided to the public through Council's communication channels in a timely manner. A communications plan for the Annual Plan consultation process was developed and is being followed.

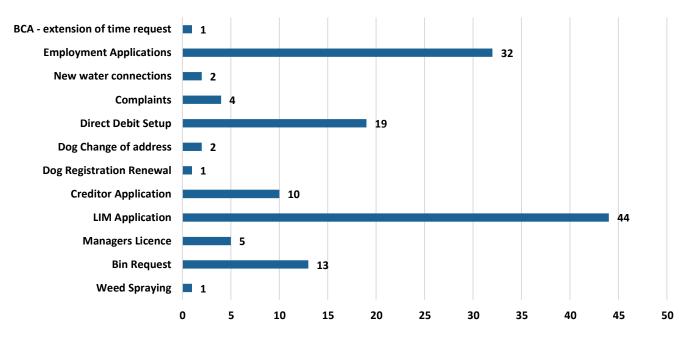

Information Management

The team has been busy with business-as-usual tasks relating to LIMS and other information management work. The team are testing the scanning of property files and ensuring all meta data is collected at source.

Staff continue to migrate documents from our legacy sytems to the new document management system – with a priority being documents and records relating to Building, Planning, Licences and LIMS. This work was brought forward by the recent migration of the core system (MagiQ) to the cloud.

Online forms see consistent use on our website and staff have digitised more processes, (both internal and public facing) allowing users to interact with Council systems in a 100% digital manner.

Q3 - Online Forms

One example is the electronic recruitment tools, which (once approved) automatically make new positions available on Council's website for online applications. Online job applications are linked to the tool and applications are automatically sent to the appropriate hiring manager for action.

Information Technology

In the IT Strategic Plan, one of the strategies is to move software onto the cloud as and when appropriate. During this quarter, the Council finance system (MagiQ Software) was moved to a cloud based system. This supports resilience in the event of staff being required to work from home, or business continuity if something was to happen to the Council building.

Several Projects are yet to be commenced or are in progress:

- **Network Infrastructure upgrade** which includes WIFI, firewalls, and switches. The equipment for this has been purchased, but is yet to be installed.
- Business continuity plan -will be undertaken once the MagiQ software project is signed off.
- Server consolidation the current servers are nearing end of life. This project is also considering the best
 options around whether these services are better being moved to the cloud or to continue with in-house
 servers. A report will be compiled outlining options.
- Server Connectivity Redundancy currently network connectivity to the outside world is through a fibre connection with a back-up on a 4G connection. Council needs a more resilient alternative in the event of the fibre connections being broken. A satellite connection is being investigated as the alternative should the fibre go down.

How this activity contributes to Community Outcomes & Well-being

The Corporate Services activity contributes to community outcomes and well-being through supporting the Council to run its business. In working towards improved digitisation and improved customer service and outreach the community has opportunity to participate in Council processes more easily.

| Community Outcome | Level of service | Measure / Target | Current performance |
|--------------------------|--|---|---|
| Resilient Communities | Provide accountability about Council activities | Legally compliant financial plans and reports adopted a. 100% LTP, Annual Plans and Reports adopted on time. b. 100% LTP and Annual Reports receive unqualified Auditor's Opinions. | a. 100%: The Annual Report 2021/2022 was adopted on 15 December 2022 as allowed by the amendment to the Local Government Act. The Annual Plan 2022/2023 was adopted on 30 June 2022. b. 100%: The Long Term Plan 2021 – 2031 received an unqualified Auditor's opinion. The Annual Report 2021/2022 received an unqualified Auditor's opinion. |
| Resilient Communities | Effective engagement of the community during public decision making opportunities | 65% of residents that believe they have been appropriately consulted | 29% - Biennial Residents' Satisfaction Survey February 2022. |
| Resilient Communities | A comprehensive Customer Service Centre | 80% of residents satisfied with the service they receive | 76% - Biennial Residents' Satisfaction Survey February 2022. |

Planning and Regulatory Resource Management

Resource Consents

During this quarter, 29 resource consent applications were received. The most significant of these relate to:

- To replace an existing light pole with new telecommunications facility on Stafford Street, Hokitika.
- To subdivide land into 23 allotments and establish 21 residential dwellings on Ruatapu-Ross Road, Ruatapu.
- To operate a commercial rafting operation and camping facility, including helicopter transport on the Landsborough River between Clarke Bluff and Kea Flat.
- To undertake industrial activities relating to construction and storage of relocatable dwellings on Gibson Quay and Davie Street, Hokitika.
- To construct an oversized non-farming building on Cattle Drive, Haast.
- To undertake alterations to an existing oversized non-residential building resulting in a front yard setback and gross ground floor infringements on Hall Street, Hokitika.
- To subdivide into 5 allotments at Ruatapu-Ross Road, Ruatapu.
- To subdivide land into 8 allotments on the Otira Highway, Kumara.

Overall, 21 decisions were issued over this quarter, including 100% of these consents being granted under delegated authority. 15 of these decisions related to land use consents, the remaining 6 were associated with subdivisions.

Two resource consent applications proceeded to limited notification. Both outcomes to this notification was positive and no hearing was required. These consents were granted under delegated authority.

At present there are 56 live resource consent applications with the Planning Department, which are continuing to be processed. This is a significant increase compared to the 43 live consents reported last quarter.

Other activities

Non-compliance matters relating to off-site signage has increased this quarter. Sign education will be provided to the general public to hopefully minimise these issues moving forward. Conditions monitoring will continue next quarter, with the focus being on consents issued in 2017.

Two vacancies still exist within the Planning Team. Although there have been some strong candidates and interviews undertaken this quarter with one appointment likely in the next quarter.

It has been confirmed that the Te Tai o Poutini Plan (TTPP), being the one District Plan for Westland, Grey and Buller Districts, received 524 submissions to the Proposed Plan. Further submissions are set to open late April, with hearings proposed to commence in August 2023.

Customer Satisfaction Surveys have not been undertaken during this quarter, with no surveys submitted by the public. The survey remains available within a link contained within the email signature of Planning staff.

How this activity contributes to Community Outcomes & Well-being

The assessment of applications and provision of resource consent decisions has contributed to the economic and social well-being of the Westland District whilst ensuring environmental and cultural well-beings are protected or enhanced through sustainable resource use.

The resource consent process enables applicants to undertake activities that would not otherwise be permitted by existing legislation through a decision process that factors in those who may be affected and the receiving environment, in an effort to ensure natural justice achieved.

Community consultation in respect to the TTPP, being the future District wide statutory document for resource management, has ensured the four recognised well-beings are considered and provided for based on the values and priorities of the community.

Performance in this activity

| Community Outcome | Level of service | Measure / Target | Current performance |
|-----------------------|----------------------|-----------------------------|--------------------------------------|
| Sustainably Managed | Resource consents | 100% of resource consents | 90.47% of resource consents |

Inspections and Compliance

Building Control

No report has been received in this quarter.

Environmental Health – Food and Alcohol Licensing

Food Licensing

There were a slightly higher number of food inspections this quarter because of method of assessing when next visit is required. This is likely to be offset by a reduction in the number in the next quarter.

Alcohol Licensing

There has been a slowing down of the number of liquor licences dealt with in this quarter. Liquor licenses have a three-year cycle for renewals and a one year cycle for new applications.

How this activity contributes to Community Outcomes & Well-being

This activity contributes to the diverse economy of the district by enabling business to be complaint to local and national laws and regulations.

This activity supports the social and economic well-being of the district by ensuring that buildings are built safely and to be long lasting. Businesses that serve food and alcohol are supported to ensure a safe and healthy environment for patrons.

| Community Outcome | Level of service | Measure / Target | Current Performance |

| | licensed premises | | 22% (9/41 – based on currently |
| | comply with the | | registered businesses) |
| | relevant legislation. | | |

Animal Control

The animal control team has welcomed an additional staff member, easing the workload of the current animal control officer and allowing more time to focus on public education.

Compliance

New signage has been erected at Cass Square, Gibson Quay, Sunset Point and around to the Beach Front Hotel in Hokitika to remind dog owners to keep their dogs on leads and to pick up after their dogs. These signs also make visiting owners and dogs aware of where dogs need to be kept on leads.

Pound activities

A dog was dumped at the South Spit beach and retained for 7 days before being rehomed. All dogs that are not claimed by their owners have been happily rehomed and the Animal Control Officer keeps in contact with the new owners.

How this activity contributes to Community Outcomes & Well-being

This activity contributes to community resilience and sustainably managed environment, through the minimisation of harm from wandering dogs and stock. Education of owners ensures positive interactions for the community with dogs and stock.

Performance in this activity

| Community Outcome | Level of service | Measure / Target | Current Performance |
|------------------------------------|----------------------|----------------------------|-------------------------------------|

Emergency Management

No report has been received in this quarter.

How this activity contributes to Community Outcomes & Well-being

There is a direct link between helping communities to be more resilient in terms of not only resources but in the strength of their networks and ability to work together and coordinate themselves in emergency events. Individual and household preparedness continues to be a focus of Emergency Management messaging.

| Community Outcome | Level of service | Measure / Target | Current Performance |

Community Development and Assistance

The Community Development Advisor (CDA) has undertaken business-as-usual liaising with communities. Funding for community resilience projects continue to be a high priority for our Westland communities. During the quarter the CDA promoted available funding through the weekly Community Notices email, and meet with groups, organisations, and individuals, assisting with the completion of applications where needed.

All Communities who receive Township Development Funding have received the 2022-2023 funding, they have furnished Accountability Reports 2022-2023 and all Funding Agreements are signed and in place.

The CDA completed and submitted the Social Services Accreditation that is required by a Local Authority.

Waitangi Day

The CDA worked with Te Runanga o Makaawhio to achieve Waitangi Day funding of \$9,830.00 from the Commemorating Waitangi Day fund. Waitangi Day was celebrated in Hokitika with a full range of activities. Despite the weather leading up to the event, a large number of people attended the event - over 250 adults and many children. This very successful commemoration included presenting local Māori history, cultural practice and values which gave the community the opportunity to learn, reflect and grow based on their positive experience through simply engaging with Māori. Following the event an accountability General Report was submitted to the Commemorating Waitangi Day Fund (Ministry of Culture & Heritage).

Westland Community Public Toilet funding

All recipient communities have been contacted and Accountability Reports for 2022-2023 have started to arrive, with the aim of receiving all of them by 30 May and paying the funding in this financial year.

Major District Initiatives Funding

West Coast Riding for the Disabled has obtained an Extension of MDI Funding Agreement with Development West Coast. The WCRDA fourth payment has been processed and is with Development West Coast.

Safer Westland

The CDA is the coordinator for the Westland Safe Community Coalition, known as Safer Westland. A new Governance Group has been appointed. Safer Westland have met bi-monthly (January and March) with the Governance Group giving good direction on topics and speakers to support the kaupapa "Westland whanau and manuhiri are connected, safe and well".

How this activity contributes to Community Outcomes & Well-being

Achieving positive results in funding applications encourages activities that build a sense of community, social inclusion and participation

Small Events funding encourages recreational and cultural celebrations and activities, which promote the acceptance of diversity with activities open to all life stages.

Safer Westland supports resilient communities by providing programmes and initiatives for vulnerable, at-risk and potentially isolated people.

| Community Outcome | Level of service | Measure / Target | Current performance |
|--------------------------|---|---|--|
| Resilient Communities | Supporting Communities to improve their social and cultural wellbeing | CDA co-ordinates funding and committee process for: Creative Community Scheme funding local arts. Sport NZ Rural Travel Fund. Funding to promote events for Community well-being and social connectedness. Achieved | Achieved Creative Communities The new triennium of Westland Creative Community Committee nominations has been confirmed by Council at 23 February Council meeting. Creative Communities funding round was advertised during March and April. Sport NZ Rural Travel Funding – Additional funding for 2022-2023, contract variation has been signed by CEO and this funding been advertised to community sport clubs and groups. The normal Sport NZ Rural Travel Funding round in August 2023- 2024 will be increased to \$12,825.00. Other funding: Waitangi Day funding achieved \$9,830.00. worked with Te Runanga o Makaawhio and accountability General Report was submitted to the Commemorating Waitangi Day Fund (Ministry of Culture & Heritage). |
| Resilient Communities | Commitment to "Safer Westland" | Westland Safe Community Coalition maintains "Safer Westland" accreditation with NZ Safe Community Foundation. Achieved | Not achieved NZ Safe Community Foundation has dissolved and Westland Safer Communities reports through CE to Council. |
| | | Safer Westland Community Coalition meets bi-monthly. Achieved | Achieved |

Community Halls

| Community Outcome | Level of service | Measure / Target | Current performance |
|--------------------------|---|---|---|
| Resilient Communities | Provide safe and useful community halls | 80% of residents satisfied with the standard of their community hall | 83% - Biennial Residents' Satisfaction Survey February 2022. |

Facilities, and Leisure Services

Cemeteries

60m of stormwater pipe was installed to remedy the failing open drain on the western side of the cemetery that affected boundaries of two properties.

Material has been received on-site to progress the development of Muslim burial area. An area shift is underway for the Ross cemetery. The development for the lower site, reachable from Woolhouse Road is well underway. This development will secure burial plot availability in the area for many years to come.

How this activity contributes to Community Outcomes & Well-being

Local cemeteries are an important part of the cultural fabric of communities. Ensuring that the cemetery provides a place for all cultural beliefs and practises improves the well-being and cultural connectedness of the community.

Maintenance, landscaping and adhering to the relevant legislation for burials contributes to a sustainably managed environment by providing a pleasant and environmentally sound asset.

Performance in this activity

Hokitika Museum

During the first quarter museum staff have been working on business-as-usual following a back-log due to staff sickness and the previous quarter's public interpretation workshops.

Business-as-usual involved working through the data on the collection database, and developing the student display and interactive for the Mayors Taskforce for Jobs careers expo day and art workshops.

How this activity contributes to Community Outcomes & Well-being

The Hokitika Museum's vision is 'Hei whakahaumako te tangata: Enriching today and tomorrow's people'. The Museum's mission is to tell the stories of Westland, the wider West Coast and its people. The collection reflects the life of our communities in the extreme and inspiring place that is Te Tai Poutini - West Coast, New Zealand.

The Museum's priority is to provide social, heritage, arts and cultural opportunities for the community and visitors. Those engaging with these opportunities will experience significant and sustained improvement in wellbeing.

This engagement can be through online and physical opportunities. In particular, creating a website and content for social media acts as an online conduit between the public and the Museum's heritage collections and initiatives.

To further support community cultural wellbeing, additional collection audits and targeted research has been conducted to support the Museum website, social media accounts, collection readiness priorities, Te Whatanui - Archives and Research Centre Project and Ngā Whakatūranga Project.

Performance in this activity

Parks and Reserves

Successful dethatching, resowing and fertilising of Hokitika's Cass Square post-WildFoods Festival was undertaken in mid-March. The playing fields are due to re-open on 13 May 2023.

How this activity contributes to Community Outcomes & Well-being

Recreational facilities provide opportunities for the community to participate in outdoor activities and enhance health and well-being. Sports events bring additional visitors to the district, which contributes to the local economy.

Performance in this activity

| Community Outcome | Level of service | Measure / Target | Current performance |
|---------------------|------------------------------|----------------------------|------------------------------------|
| Sustainably Managed | Reserves are pleasant, | 90% of residents satisfied | 66% - Biennial Residents' |
| Environment | enjoyable and safe places | with parks and reserves | Satisfaction Survey February 2022. |
| Resilient | | | |
| Communities | | | |

Public Toilets

There are two toilets in the Council network that are not on township sewage or septic tank. Otira is a cube toilet which had been used for Freedom Camping sites. This cube toilet requires frequent pump outs from the holding 11 May 2023 - Risk & Assurance Committee Meeting Agenda Page 33

tank. The Bruce Bay toilet is a 'dry vault" system which should only require 6 monthly pump / cleanouts. Issues have recently surfaced where users have been dumping rubbish into the toilet making it impossible to fully pump out, at present the vault is about 30% full with rubbish and will require a full cleanout in the next year, which may require a person to enter the tank.

It is difficult to inspect toilets 270km south to Haast or 100km East in Otira. Council staff must rely on users or local communities to report faults and damage. A cleaning record form is adhered to the wall in most toilets advising when last cleaned and to requesting users email to report any issues.

The main utilisers of public toilets are tourists, with any feedback received being by way of an email or service request if there is an issue with the toilets.

How this activity contributes to Community Outcomes & Well-being

Public toilets protect the environment by providing safe and clean facilities for visitors and residents. Increasing the availability in strategic locations reduces the likelihood of environmental contamination. Providing public toilets at or near recreation areas such as playgrounds allows the community to enjoy these areas more freely bringing the social benefit of recreation and socialisation.

Performance in this activity

| Community Outcome | Level of service | Measure / Target | Current Performance |
|---------------------|-------------------------|----------------------------|------------------------------|
| Sustainably Managed | Provide public toilets | 85% of residents satisfied | 63% - Biennial Residents' |

West Coast Wilderness Trail

Trail Vandalism

Mahinapua accessible toilet was destroyed during February. The Camp Creek Shelter in Ross was also vandalised, and has since been rebuilt.

Storm Damage in Milltown

The trail suffered moderate flooding damage in February which deteriorated with the rain in March. Council have applied to MBIE for funding of \$44,144.10 to upgrade culverts, install additional culverts and resurface areas of the trail. The trail is currently open and passable but not at its best standard.

How this activity contributes to Community Outcomes & Well-being

The West Coast Wilderness Trail contributes to the diverse economy by attracting visitors to the district who contribute to the economy by using tourism operators, accommodation, hospitality venues and retail outlets.

Recreational use of the trail contributes to the well-being of the community by providing opportunities for health and fitness, and to enjoy competitive events on the trail.

| Community Outcome | Level of service | Measure / Target | Current Performance |
|-------------------|-------------------------|----------------------------|-----------------------------|
| Diverse Economy | The cycle trail is well | Numbers using the trail as | Total users recorded 33,090 |
| | used | measured by trail counters | Increase of 38% on Q2. |

| Resilient | increase by 10% per |
|-------------|---------------------|
| Communities | annum. |

Westland District Library

Library users are choosing to spend more time in the library reading, relaxing, browsing, socialising, learning and working, and footfall and income from the rental of spaces have increased this quarter. Children's holiday activities and a new photography programme for teens have been popular, and a new Tai Chi for Arthritis and Falls Prevention class has been oversubscribed. Staff time and lack of space increasingly limit the number of people attending programmes and events and the number of events.

The physical and digital collections are performing well with a significant increase in the use of Kanopy film streaming. The use of DVDs has continued to decline and staff have decided to stop purchasing new DVDs. Use of the APNK computers and Wi-Fi has increased as tourism recovers across the district. The provision of free access to the internet supports digital equity and helps bridge the digital divide, for example, many residents and visitors completed their Census papers online at the library.

Staff have continued to upskill and undertake training opportunities to ensure they have the knowledge and skills required to support the evolving needs and expectations of our patrons and the communities we support.

How this activity contributes to Community Outcomes & Well-being

The library continues to support literacy and offer activities that are inclusive, foster connection, reduce isolation and promote active citizenship. The library has maintained access to the recreational and cultural facilities it provides and continues to support the wellbeing and resilience of our communities across the district.

| Community Outcome | Level of service | Performance measures (KPI) | Current performance |
|-------------------|---|-------------------------------|---------------------------------------|
| Resilient | Provide the district | 95% of residents satisfied | 91% - Biennial Residents' |
| Communities | with quality library services that are responsive to the needs and wellbeing of the diverse communities. | with library services | Satisfaction Survey February 2022. |

Land Transport

While the summer season for the West Coast has been excellent in terms of weather there have still been weather events that have caused damage to isolated parts of the network. In February severe weather caused damage to Forks Okarito Road. Funding applications for additional emergency works funds have been loaded in draft format into Transport Investment Online (TIO) awaiting further cost estimates prior to submission for approval.

Bridge Inspections are presently being programmed by WSP to be carried out in the final quarter and reported on before the end of the fiscal year.

Scoping and consent applications are underway for the erosion experienced on the Haast Jackson Bay Road with the pavement rehabilitation project underway and progressing well.

Footpath maintenance and renewals are well underway with the majority of the works focusing on the Ross, Whataroa and Kaniere Townships with smaller isolated pieces of work in Hokitika and Kumara.

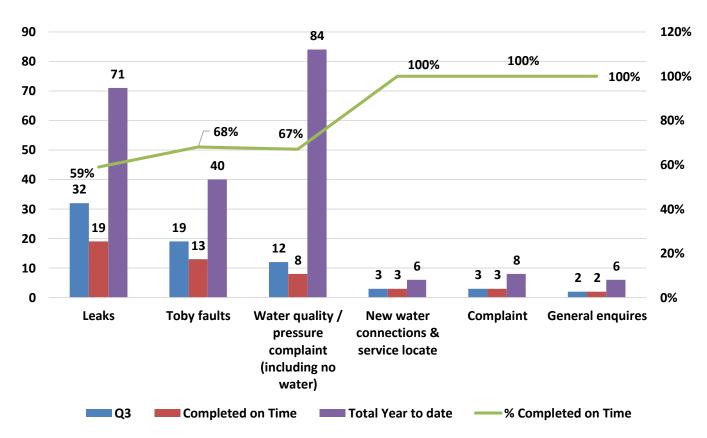

How this activity contributes to Community Outcomes & Well-being

Council staff are implementing the Combined West Coast Transportation AMP Improvement plan, which aims to identify and inform the next Land Transport Plan Funding Application in 2023. This is a significant body of development work and investigation that will involve community engagement to help identify the priority areas as perceived by the customers. This will greatly assist in Council's ability to anticipate and plan future improvement works that improve both social and economic factors within the community. Well-maintained, safe and efficient transportation networks are able to make a measurable contribution towards environmental improvements and sustainability for the wider community.

| Community | Level of service | Performance measures (KPI) | Current performance |

Drinking Water

There were 71 water related service requests recorded between 1 January – 31 March 2023.

The new Fox Glacier water treatment plant construction is well advanced and expected to be operational by October 2023. Recent photos have been posted on the council website showing progress of the membrane filtration plant.

Five of our nine water treatment plants that were not chlorinated have now had equipment installed. This is expected to commissioned and ready for operation during May 2023. Chlorination of these plants meets the requirements the Drinking Water Quality Assurance Rules.

Several planned water shutdowns have occurred for maintenance and installation of a burst control valve in Hokitika. Due to Contractor inexperience, in all three cases, there was a wider shutdown area, of which residents were not informed by the usual communications. The majority of service requests relating to continuity of supply can be attributed to this issue.

How this activity contributes to Community Outcomes & Well-being

The following project improvements are aligned with ensuring a sustainably managed environment and resilient communities:

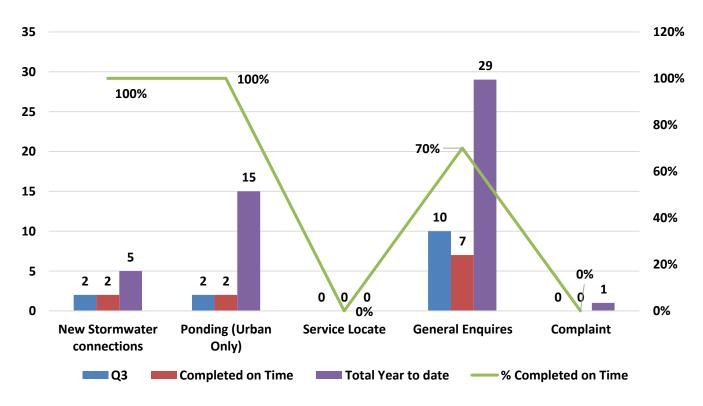

- Fox WTP Upgrade
- Chlorination of water treatment plants

| Community Outcome | Level of service | Performance measures (KPI) | Current performance |
|--------------------------|--|---|--|
| Resilient Communities | Council supplied potable water is safe to drink | Safety of drinking water: The extent to which the local authority's drinking water supply complies with: a) Part 4 of the drinking water standards (bacteria compliance criteria), 90% and b) Part 5 of the drinking-water standards (protozoal compliance criteria) 90% | (a) To date, 8 out of the 9 supplies are fully compliant with bacterial compliance criteria at both the water treatment plant and in the distribution zone. Fox Glacier is on a permanent boil water notice until the new WTP is operational. (b) 0 out of the 9 supplies are compliant with protozoal compliance criteria. Non-compliance is due to technical requirements to prove compliance. Barriers for protozoa are in place and Council staff have recently had approval to implement a data compliance tool at the treatment plants, to assist with compliance in this area. |
| Resilient Communities | Requests for service are dealt with promptly | Fault response times: Where the local authority attends a call-out in response to a fault or unplanned interruption to its networked reticulation system, the following median response times measured: a) 95% attendance for urgent call-outs: from the time that the local authority receives notification to the time that service personnel reach the site (2 hours), and b) 100% resolution of urgent call-outs: from the time that the local authority receives notification to the time that service personnel call-outs: from the time that the local authority receives notification to the time that service personnel confirm resolution of the fault or interruption. (12 hours) c) 100% attendance for non- urgent call-outs: from the time that the local | a) 27% (20/75) b) 87% (65/75) c) 47% (52/110) d) 68% (75/110) |

| Community Outcome | Level of service | Performance measures (KPI) | Current performance |
|---------------------------------------|---|--|---|
| Sustainably Managed Environment | Council supplied water is reliable | authority receives notification to the time that service personnel reach the site (24 hours), and 100% resolution of non- urgent call-outs: from the time that the local authority receives notification to the time that service personnel confirm resolution of the fault or interruption (72 hours). Maintenance of the reticulation network: The percentage of real water loss from the local authority's networked reticulation system (including a description of the methodology used to calculate this). Council does not intend to measure this as it will impose | Not measured Monitored in a number of ways including; telemetry, water meters, repair program, mains replacements and pressure management. This is in context with the Benchloss NZ Manual. |
| Sustainably | | an unreasonable cost. Demand management: | Not measured. |
| Managed Environment | | The average consumption of drinking water per day per resident within the territorial authority district is < 500I/day . | Council does not have the equipment to measure average consumption hence a new three yearly measurement has not been performed since 2016/2017. |
| | | | Most recent measurement was 2016/2017: Winter 253l per head, Summer 480l per head |
| Resilient Communities | Customers are generally satisfied with the Council supplied water | Customer satisfaction: The total number of complaints received by the local authority about any of the following: a) Drinking water clarity b) Drinking water clarity b) Drinking water taste c) Drinking water odour d) Drinking water pressure or flow e) Continuity of supply, and | (a) 2 (b) 0 (c) 0 (d) 9 (e) 73 (f) 5 Total number of complaints = 89 Complaints per 1000 connections = 31.4 (2830 connections) |

| | | 25 per 1000 connections | |

Stormwater

There were 14 Stormwater related service requests recorded between 1 January – 31 March 2023.

The Town Belt East project has now been completed. This project included the installation of a 1200mm diameter concrete pipeline from the racecourse to the river. Several specialised manholes were also installed after manufacturing delays.

How this activity contributes to Community Outcomes & Well-being

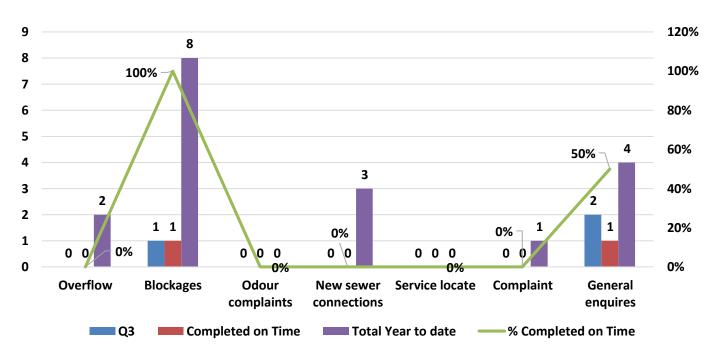

The following project improvements are aligned with ensuring a sustainably managed environment and resilient communities:

• Town Belt East stormwater pipeline

| Community Outcome | Level of service | Performance measures (KPI) | Current performance |
|--|--|---|--|
| Sustainably Managed Environment Resilient | Council Stormwater systems have the capacity to resist major | System adequacy: a) The number of flooding events that occur in a territorial authority district. | | | d) convictions | |

Wastewater

There were 3 Wastewater related service requests recorded between 1 January – 31 March 2023.

The sewer pipeline upgrade ('Z line') project which included a new section of pipeline from Park Street to just short of Hampden Street has now been completed.

Council staff and iwi representative are continuing to work together along with Councils consultants, Stantec, on preferred options and locations for the new Hokitika wastewater treatment plant.

Out of the 7 complaints for system and adequacy, only 2 are recorded as dry weather overflows. When there is no weather recorded on the Service Request, it is taken as dry weather for performance purposes. Overflows are caused by fat or other objects other than the 3 P's (Pee, Poo & Paper) such as "flushable" wipes (that are not actually flushable) and cleaning wipes.

How this activity contributes to Community Outcomes & Well-being

The following project improvements are aligned with ensuring a sustainably managed environment and resilient communities:

- Sewer pipeline upgrade ('Z line')
- Hokitika Wastewater Treatment Plant Project

Partnering with iwi in a co-governance structure is aligned with Resilient Communities relating to community engagement.

| Community Outcome | Level of service | Performance measures (KPI) | Current performance |
|----------------------|--|---|---|
| Resilient | Council | System and adequacy: | 7 complaints |
| Communities | wastewater systems are managed without | The number of dry weather sewerage overflows from the territorial authority's sewerage system. | Complaints per 1000 connections = 0.3 (2203 connections) |

Solid Waste

The Westland District Council waste management team have been working constructively in the provision of additional recycling capability and improvements at the transfer station site and Butlers Landfill.

They have been involved in the regional waste management contract development and have had inputs to the investigation into C&D (Construction and Demolition) recycling services investigation.

How this activity contributes to Community Outcomes & Well-being

These activities contribute to Council's focus on sustainable waste management practices:

- Increasing the quantity of recyclable material extracted from the waste stream.
- Monitoring of recycling bin materials.
- Educating residents on improved waste management practises.

| Community Outcome | Level of service | Performance measures (KPI) | Current performance |
|---------------------|--------------------------|---|----------------------------|
| Sustainably Managed | Solid waste is | All necessary consents for | 100% consents in place and |
| Environment | managed appropriately | solid waste activities and capital projects are applied for, held and monitored accordingly. | monitored. |
| Sustainably Managed | Maximised recycling | Reduce incidents of | 8% contamination |
| Environment | efficiency | recycling bin contamination. | |

Treasury Report

Summary

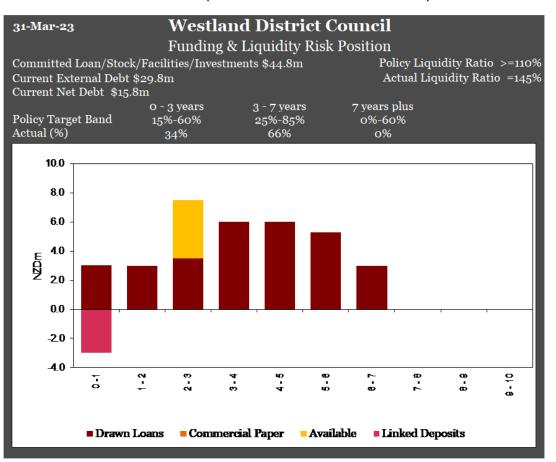

The purpose of this section of the Quarterly Report is to provide an update on Council's Treasury Position as at **31** March 2023.

This section shows the Council's position for the following items:

- Council's debt position
- Debtors (Sundry and Rates)
- Loans
- Other Borrowings (if any)
- Swap
- Internal borrowing
- Cash Investments
- Deposits
- Debtors by Activity & Debt collection
- Reserve Funds report

Council has contracted PWC as an independent treasury adviser.

Loans

This chart illustrates the Council's position in relation to the debt facility:

Liquidity and Funding Risk Control Limits:

Maturity band limits were amended into three bands: 0 - 3 years, 3 - 7 years and 7 years plus. Minimum and maximum percentage limits within each maturity band ensure a spread of maturities and reduces the risk of maturity concentrations.

Council's policies require a liquidity cover of 110% of current debt. Council has \$11.0m of term deposits and \$3.5m cash at bank available as at 31 March 2023 and a \$4m credit facility with Westpac which resulted in a liquidity coverage ratio of 145%. The forecast debt for the current financial year is \$31.8m.

| Amount | Rate | Maturity |
|------------|-------|------------|
| 3,000,000 | 4.82% | 17/04/2023 |
| 3,000,000 | 4.82% | 15/04/2024 |
| 2,300,000 | 4.82% | 15/04/2025 |
| 1,200,000 | 4.82% | 15/04/2025 |
| 18,352 | 6.30% | 1/07/2025 |
| 1,500,000 | 4.82% | 15/04/2026 |
| 1,500,000 | 1.14% | 15/04/2026 |
| 2,000,000 | 4.82% | 15/04/2026 |
| 1,000,000 | 1.39% | 15/04/2026 |
| 1,500,000 | 3.88% | 15/04/2027 |
| 1,500,000 | 1.23% | 15/04/2027 |
| 3,000,000 | 4.82% | 15/04/2027 |
| 1,300,000 | 4.82% | 18/04/2028 |
| 3,000,000 | 5.06% | 15/05/2028 |
| 1,000,000 | 5.06% | 15/05/2028 |
| 3,000,000 | 4.83% | 20/04/2029 |
| 29,818,352 | Total | |

Except for the fifth item in the table above all loans are obtained from LGFA. The interest rates shown above for LGFA bonds do not include margins of up to 1.1% charged by LGFA.

Note – on 14 April 2022, WDC took a \$3m prefunding loan from LGFA.

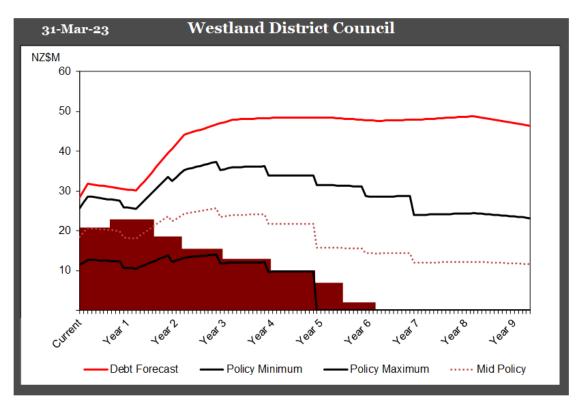

Swaps

| Amount | Rate | Maturity |
|------------|--------|------------|
| 5,000,000 | 3.340% | 2/10/2023 |
| 4,300,000 | 0.670% | 17/11/2024 |
| 3,000,000 | 2.760% | 15/06/2025 |
| 3,000,000 | 2.300% | 15/03/2028 |
| 5,000,000 | 3.970% | 2/10/2028 |
| 2,000,000 | 2.750% | 15/06/2029 |
| 22,300,000 | Total | |

Out of the \$22.3m Swaps portfolio above, \$7.0m Swaps have future effective dates and are not considered as live Swaps.

Interest Rate Risk Position

The interest rate risk position visually represents the Council's interest rate position within approved interest rate control limits as set out in Council's Liability Management Policy.

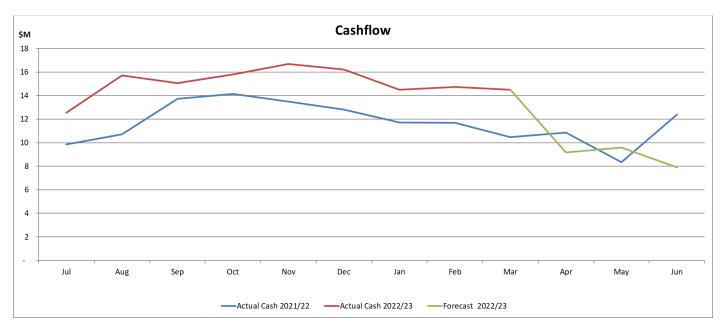

Internal Borrowing

Internal borrowing as at 31 March

| Total | 49,904 |
|----------------------------------|--------|
| Hannah's Clearing water services | 9,917 |
| Kaniere sewerage | 39,987 |
| | \$ |

Cash Investments

Cash flow actual/ forecast as at 31 March

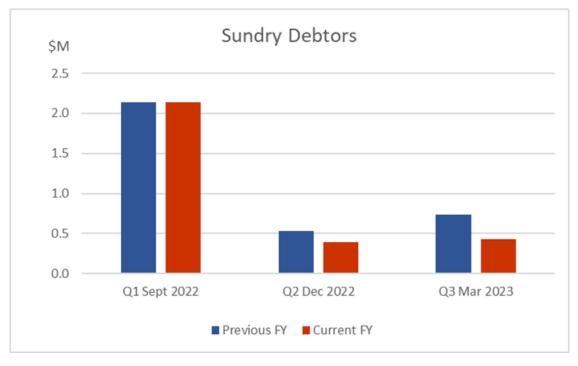

11 May 2023 - Risk & Assurance Committee Meeting Agenda

Debt position

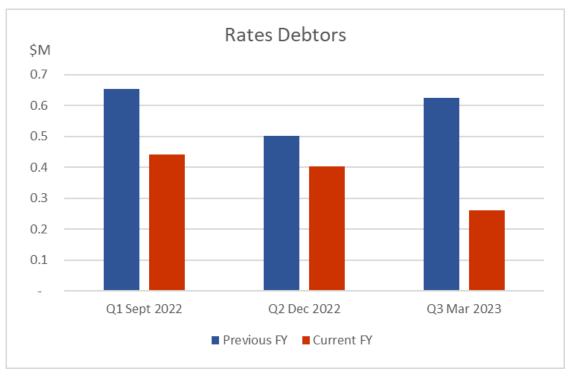

Sundry debtors

Outstanding Sundry debtors as at 31 March 2023 stands at \$429,395 which is \$308,477 lower than Q3 2021/22 financial year sundry debtors at \$737,872.

Rates debtors

At 31 March, rates debtors figure total \$260,742 which is \$364,404 less than Q2 2021/22 financial year rates debtors at \$625,146

Debtors by activity

The relationship between Council and the debt recovery agency is being actively managed with regular meetings and guidance from Finance. This proactive approach has assisted with the success of the debt management process and reduction of overdue debtors.

Further debts will be referred to debt recovery only where internal processes have proven unsuccessful.

Summary

Reserves are divided into two categories:

Restricted Reserves: These reserves can only be used for the purpose as set out in either legislation or by the funder.

Council Created Reserves: These reserves exist solely at the discretion of Council, as a matter of good business practice.

Financial Management Principles for Reserve Funds

- There are no reserves that are required to be represented by specific cash funds. Council therefore takes a portfolio approach to treasury management.
- Reserves are funded by interest income from investments and available borrowing capacity.
- Reserve balances will grow by interest calculated at the weighted average 90 day bill rate, transferred quarterly into the reserve.
- During 2022/2023 new depreciation reserves will grow quarterly. Interest will be earned on those reserves calculated based on the average 90 day bill rate. This will be funded from external interest revenue (or deficit reserves internal borrowing) for 2022/2023.
- Interest will be charged on any reserve in deficit at Council's weighted average cost of asset term debt.
- No funds shall be withdrawn from any reserve unless provided for in the Annual Plan or by Council resolution.

| Council Created Reserve Funds | | | | | |
|-----------------------------------|---|-----------------------|-----------|-------------|-------------|
| | | Balance | Transfers | Transfers | Balance |
| Reserve | Purpose of each reserve fund | 1 July 2022 into fund | | out of fund | 31 Mar 2023 |
| | | \$000 | \$000 | \$000 | \$000 |
