

# KEEPING THE WEST COAST TRANSPORT SYSTEM OPEN

Whaka Kotahi NZ Transport Agency West Coast Regional Update for  
Westland District Council, June 2020

# Highest Risk Sites (South to North)

1. **Diana Falls** – Maintained under Network Contract. Currently ok...some remedial work required to mesh.
2. **Gates of Haast (Hinge to Thunder Falls)** – Work underway for first stage.  
NC with MBD
3. **Epitaph (Knights Point)** – Monitored under NC Contract
4. **Bruce Bay** – Work to commence under NC Contract with MBD.
5. **Omeroa (Fox Hills)** – Monitored. Design of remedial work for under slip currently with WSP-Opus. One lane at that point.
6. **Waiho River** – Bailey Bridge reinstatement underway by WSP-Opus, FH and Downer
7. **Mount Hercules**
8. **The Deviation (Whataroa)** – Remedial work required
9. **Otira Gorge**
  - **Kelly's Creek** – Ongoing through NOC
  - **Candy's Creek** - Ongoing

# Diana Falls - Haast Pass

# Gates of Haast

# Epitaph Slip - Knights Point

# Bruce Bay

# Omeroa (Fox Hills)

# Kellys Creek SH73

# Otira Gorge

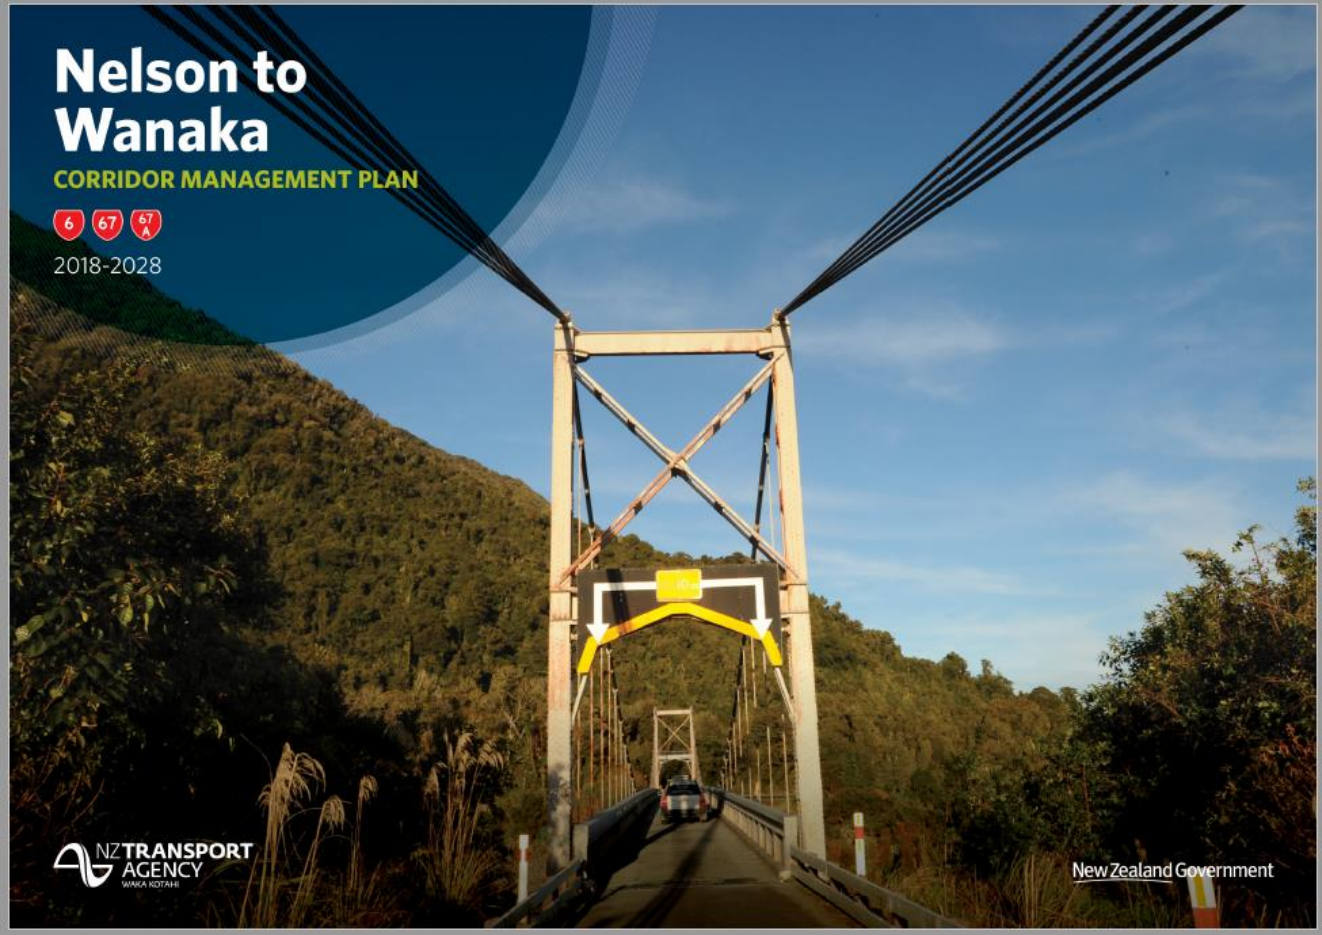

# The NZTA Resilience World

## Pressures – The Challenge

# Corridor Management Plans

# Future Projects

# Major Future Projects – Ahaura Bridge Replacement

# Other Westland District Future Projects

- **Pedestrian facility and guardrailing at the Tatare Bridge, Franz Josef**
- **Guardrailing at Manakaiaua Bridge (Haast); and Taipo River Bridge, SH73**
- **Increased provision and enlargement of stopping bays on key vista points on the corridor (eg Roaring Billy)**
- **Improving side protection (barriers and guardrail)**
- **More one-lane bridge improvements**
- **Better driver information (IT infrastructure, access, and visitor information)**
- **Improving resilience of the corridor**

# To Summarise:

In line with the Government Position Statement and Resilience Framework, the Agency is:

- increasing its priority and broadening its approach for Resilience-related works
- There are 4 Framework Principles: Works should be **Community (Impacts) Focussed**, Collaborative, Comprehensive and Proactive

## What does success look like?

Confidence in investing/doing the right things/right place/ right time to minimise disruptive impacts on communities activities

# Questions?
