Telephone (evening)

N

Email Address

ch. Eriks @ slingshot . co . nz .

I would like to speak to my submission (please tick): ☒ yes ☐ no

Submission Hearings will be on Thursday 04 & Friday 05 July 2013

All submissions will be acknowledged and time slots given to those who indicate they want to speak to their submission at the submission hearings. Please note that all submissions (including personal details – name, address and phone number) will be made public.

My submission to the Westland District Council 2013/14 Draft Annual Plan is:

1. **Ross Pool:** I/We choose the option to use Endowment Land Funds to cover the cost of the new Liner for the Pool \$74,000+ GST = \$85,000– not a loan which would cost the local ratepayers.
2. I/We also endorse the release of sufficient extra Endowment land funds to cover all costs associated with the fitting of the Pool Liner. i.e. Altered reticulation and pipe placements, and restoring the Pool to a satisfactory standard for use. A quote of \$40,000 + GST has been given for this work.
3. The Pool Committee does not need a \$10,000 Loan to fix the Solar Panels. The cost for this repair has already been paid for by the local Swimming Pool Committee. We request that this extra cost be removed from the Ross Ratepayers.
4. I/We request that the Ross Pool Targeted Rate fund be used only and specifically for the Ross Pool and that any surplus funds be carried over to this fund for following years.
5. I/We request a detailed statement from Westland District Council at the end of its financial year showing *in detail* how the Targeted Rate fund has been spent and how much money remains in the account.
6. I/We request Council extend the Targeted Rating area for Ross Pool to include all dwellings from the Totara River in the North, down to Ross beach and to the Waitaha River in the South. We have keyholders from Totara Valley and as far south as Bold Head Road and Waitaha Valley. We accept that this change may not be possible this year, but ask that you implement it in 2014.

7. **Squash Club Rooms:** This group is awaiting the promised consultation on the possible future changes of ownership for this community asset.
8. **Community Township Development Funding;** I/We request the reinstatement of this funding **Rationale:** Enhancements will benefit our small towns by providing an environment that allows business, social and recreational activities to take place in a well serviced and appointed township; Plan for our small towns and give direction to future infrastructure; Upgrade amenities in our small towns; Respond to and support community initiatives; To assist and facilitate future growth and development of our small towns; This funding also supports Council's vision, i.e. innovation, community and stakeholder development and expanded development opportunities.
9. **Ross Community Hall:** The roof of the Hall is in urgent need of maintenance as it is in a state of serious disrepair. Our Community Society has previously had Plans and Costing done for this work, but these have been delayed whilst waiting for an engineer to do Earthquake assessment. The Society has made repeated request to have this work moved along which seem to have been ignored. Can we have some action on this please?
10. **The Beautification Fund:** This Grant was given to the Ross Community by the West Coast Development Trust. (Now Development W.C.) A proposal to use the remainder of this fund was put to the Council some years ago, but we were asked to put this on hold (by Council) due to the proposed new Hall. (This proposal was firmly rejected by this community and in light of what has happened in Hari- Hari this was a good call. A letter from Westland Council during 2012 indicated that \$53,000 approx was still in this account. The Ross Community Society and the community, expect that this money (approx \$53,000) will be made immediately available to them for use in Ross as the Community Society deems appropriate.
11. **Hollyford Road:** We strongly oppose any further funds being spent on the Hollyford Road project. In light of the current economic climate (and the dire financial circumstances the Westland Council is in) this is seen as an unnecessary expenditure. As ratepayers we are concerned about the lack of accurate information being given to us re this project. How much ratepayers money has been used to date and how much will be spent in future? We believe that this issue should have been included as part of this Annual Draft Plan for ratepayers input. All work on the Hollyford Road proposal should be halted until there has been adequate open and transparent consultation with all Ratepayers of the Westland District.
12. **Ross Playgroup:** This group requests that urgency be given to the completion of a "Memorandum Of Understanding" with the Council and Ross Playgroup. Repeated attempts to have this document progressed have been ignored by the Property Company.

A handwritten signature in black ink, appearing to read 'A. McBeath', with a long horizontal line extending from the bottom left of the signature.

I would like to speak to my submission (please tick): yes no

Submission Hearings will be on Thursday 04 & Friday 05 July 2013

All submissions will be acknowledged and time slots given to those who indicate they want to speak to their submission at the submission hearings. Please note that all submissions (including personal details – name, address and phone number) will be made public.

My submission to the Westland District Council 2013/14 Draft Annual Plan is:

1. **Ross Pool:** I/We choose the option to use Endowment Land Funds to cover the cost of the new Liner for the Pool – not a loan which would cost the local ratepayers.
2. I/We also endorse the release of sufficient extra Endowment land funds to cover all costs associated with the fitting of the Pool Liner. i.e. Altered reticulation and pipe placements, and restoring the Pool to a satisfactory standard for use. A quote of \$40,000 + GST has been given for this work.
3. The Pool Committee does not need a \$10,000 Loan to fix the Solar Panels. The cost for this repair has already been paid for by the local Swimming Pool Committee. We request that this extra cost be removed from the Ross Ratepayers.
4. I/We request that the Ross Pool Targeted Rate fund be used only and specifically for the Ross Pool and that any surplus funds be carried over to this fund for following years.
5. I/We request a detailed statement from Westland District Council at the end of its financial year showing *in detail* how the Targeted Rate fund has been spent and how much money remains in the account.
6. I/We request Council extend the Targeted Rating area for Ross Pool to include all dwellings from the Totara River in the North, down to Ross beach and to the Waitaha River in the South. We have keyholders from Totara Valley and as far south as Bold Head Road and Waitaha Valley. We accept that this change may not be possible this year, but ask that you implement it in 2014.

7. **Squash Club Rooms:** This group is awaiting the promised consultation on the possible future changes of ownership for this community asset.
8. **Community Township Development Funding;** I/We request the reinstatement of this funding **Rationale:** Enhancements will benefit our small towns by providing an environment that allows business, social and recreational activities to take place in a well serviced and appointed township; Plan for our small towns and give direction to future infrastructure; Upgrade amenities in our small towns; Respond to and support community initiatives; To assist and facilitate future growth and development of our small towns; This funding also supports Council's vision, i.e. innovation, community and stakeholder development and expanded development opportunities.
9. **Ross Community Hall:** The roof of the Hall is in urgent need of maintenance as it is in a state of serious disrepair. Our Community Society has previously had Plans and Costing done for this work, but these have been delayed whilst waiting for an engineer to do Earthquake assessment. The Society has made repeated request to have this work moved along which seem to have been ignored. Can we have some action on this please?
10. **The Beautification Fund:** This Grant was given to the Ross Community by the West Coast Development Trust. (Now Development W.C.) A proposal to use the remainder of this fund was put to the Council some years ago, but we were asked to put this on hold (by Council) due to the proposed new Hall. (This proposal was firmly rejected by this community and in light of what has happened in Hari- Hari this was a good call.
11. **Hollyford Road:** We strongly oppose any further funds being spent on the Hollyford Road project. In light of the current economic climate (and the dire financial circumstances the Westland Council is in) this is seen as an unnecessary expenditure. As ratepayers we are concerned about the lack of accurate information being given to us re this project. How much ratepayers money has been used to date and how much will be spent in future? We believe that this issue should have been included as part of this Annual Draft Plan for ratepayers input. All work on the Hollyford Road proposal should be halted until there has been adequate open and transparent consultation with all Ratepayers of the Westland District.
12. **Ross Playgroup:** This group requests that urgency be given to the completion of a "Memorandum Of Understanding" with the Council and Ross Playgroup. Repeated attempts to have this document progressed have been ignored by the Property Company.

*11/11/13*
